

Celebration Alert!

As part of our PSHE unit this term, we are celebrating what makes us different and unique here at St Mary's. Your child has already started to learn more about this within their PSHE lessons.

Parents and carers we need your help!

We will be creating a display to showcase and celebrate our differences. We ask that you send in a photo with a brief description of one or more of the following:

- Your family – we would love to show the strong emphasis on all of our different families that are part of our big St Mary's family
- An item that relates to your culture or religion
- Traditional food that is enjoyed within your culture and/or religion

If you choose to send a photo of an item, it would be great if you could send a close-up of your child holding that item. If you are unable to send in a photo, feel free to email a photo in or your child could bring an item into school and we can take the photo (please do not send in any valuables).

You can email the photo to swalker@stmarysn8.co.uk

Please come along to the PSHE/RSHE Coffee morning on Tuesday 22nd November at Rectory Gardens and look out for more information on this as part of your child's homework
