

Free consultations with an Educational Psychologist

Are you worried about your child's development, learning, emotional well-being or behaviour?

Then book a **free 40 minute session** with an educational psychologist from Haringey Educational Psychology Service. We can talk through your concerns with you, help you make a plan of action and signpost you to sources of help and support.

Educational psychologists (EPs) are qualified specialists who offer support and advice to schools, early years settings, voluntary groups, parents, carers, children and young people on a range of issues. This includes supporting children with disabilities, learning difficulties or social, emotional and mental health difficulties.
