

Geography

Our Changing Environment: Coastal Processes

Looking at the processes of weathering, erosion, landform and coastal formation as well as coastal habitats

Science

Evolution and inheritance: Identify adaptations in plants and animals and ways that adaptation may lead to evolution; recognising that living things have changed over time

Electricity: Using recognised circuit symbols and investigating variation in how components function

French

Famous French Speaker Project (including physical appearance)

In the Town
(buildings, businesses, directions)

ICT

E-Safety – Gender stereotypes

E-Safety—You Won't Believe This—
Clickbait & Fake News

Coding - Sequencing, loops, events and variables

YEAR 6 Spring 2024

Mathematics

Fractions - multiplying and dividing; finding fractions of an amount

Decimals - understanding place value of decimals
