Haringey
LONDON

We're refreshing our **Special Educational Needs and Disabilities (SEND)** and **Alternative Provision (AP)** Strategy.

Our aim

To improve outcomes and experiences for children and young people with SEND or in AP.

How we'll achieve this

Over the next three years, through **five strategic partnership priorities**.

Consultation: We want your feedback!

Do these priorities reflect the needs and aspirations of children, young people, parents, and carers? Your views will help shape the final strategy.

Consultation: survey is open until **Friday, 30 January 2026**.

Our five strategic partnership priorities

Priority 1

We will continue to **embed or develop early intervention approaches**, so children and young people with SEND and or who educated in Alternative Provision make progress from their individual starting points.

Priority 2

High quality **local provision for local children** - wherever possible, we will meet the needs of Haringey's children who require support to meet their SEND needs or who are educated in Alternative Provision within or close to our own borough.

Priority 3

We will continue to keep our Local Offer under review to **maintain the quality of our provision** and support and respond to emerging or changing needs.

Priority 4

We will continue to **listen and act on the lived experiences of children and young people** with SEND of who are educated in AP and their families or carers through authentic coproduction.

Priority 5

We will **embed independence and preparation for adulthood** throughout every phase of education and strengthen support at the point of transfer to their lifelong adult pathway.
